## Many Old Men Taken Back.

For the most part the railroad men are taking back their old employees as fast as they apply, and there were a great many applications this morning. They are not discharging any of the men who were hired to take the places of the strikers, and the strikers are re-employed as taken as individuals. It necessarily follows that a large number of the strikers find themselves unable to secure reinstatement, and those are insisting upon a continuance of the struggle.

## Regulars Preparing to Depart.

The Federal troops are getting ready to leave. The men on the lake front have been busy packing, and orders for departure are expected at any moment. It is believed that their destination is California. The State troops are also on the move, but enough will be held in Chicago to prevent any possibility of a renewed outbreak.

## Seeking Work on Any Terms.

It may truthfully be said that with very few exceptions every man in Chicago, whether employed by railroads or belonging to the Building and Trades Council, is seeking work on practically any terms offered.

## Tie-Up on the St. Paul Denied.

President Debs, of the American Railway Union, declared at 10.30 A. M. to-day that the Chicago, Milwaukee and St. Paul road was tied up last night to go out and that they had done so.

## On the other side the general man-

agers of the Chicago, Milwaukee and St. Paul, being shown this statement of Mr. Debs, says: "It is utterly false. Not a man quit work to-day, but any number of our old men were taken back, and we have as many men as we can use. We are taking on others hourly as the work increases. Everything is better shape to-day than at any time in ten days."

## EXECUTIVE MEETING TO-DAY.

### A. R. U. and N. of D. Directors—Egan Still Obdurate.

(By Associated Press.) CHICAGO, July 14.—A joint meeting of the directors of the American Railway Union and the Knights of Labor began at 10.45 A. M. to-day behind closed doors at the Chicago Athletic Club. The session was probably continued without interruption until at least 12.30 P. M.

### and Still Obdurate.

John M. Egan, chairman of the General Managers' Association, announced at noon to-day that the action was final which was taken last night in returning to Mayor Hopkins the proposition for a return of the men to work submitted by President Debs, of the American Railway Union. The announcement by Mr. Egan was said to be the result of a session of the General Managers which began to-day about 10 A. M.

## TO SUE DEBS FOR CONTEMPT.

### More Trouble in Court for the Leader of the Late Strike.

(By Associated Press.) CHICAGO, July 14.—District Attorney McHugh is preparing to begin civil proceedings against Debs and the other strike leaders—to wit, to cite them into court to answer for contempt in violating the injunction. This will include Debs, Howard, Rogers, Kellogg and other officers and directors of the Union who have not appeared in court.

The contempt charges will be heard by Judges Wood and Grosscup, who jointly issued the injunction.

It has just leaked out that the wreck on the Chicago and Northern Pacific, yesterday, was caused by the misplacement of a switch by J. T. Horgan, a reporter for a Chicago morning paper, who was acting as switchman, in order to be "on the inside" in getting news among railroad employees.

He was promptly arrested and jailed, but was bailed out this morning.

The result of the derailment was the destruction of two locomotives, and smashing up a number of passenger coaches. Nobody was killed.

## The Hocking Valley Trouble.

COLUMBUS, O., July 14.—Troops have been sent to the Hocking Valley. The railroad company made no effort to move trains at Nelsonville yesterday, but may to-day. Sheriff Riley, of Athens County, is swearing in deputies to protect railroad property.

## Want Phelan's Sentence Mitigated.

CINCINNATI, July 14.—At an immense meeting of strikers last night the force of the strike was increased by the fact that the men who were arrested at Cincinnati refused to accept of any sentence except their own. A resolution was passed to send an enormous petition to President Cleveland to remit or greatly mitigate Phelan's sentence.

## WATCHING CHICAGO.

### Local Labor Leaders Puzzled by the Turn of Affairs.

They Believe the Strike Is Not by Any Means Ended.

### Threats of Debs and Sovereign Thought to Be Earnest.

Few of the labor men in the city seem to know how to interpret the action of the leaders of the Chicago strike. They seemed puzzled yesterday that the strike was over, and that all danger of its spreading to this city had passed.

This morning, however, they are not half as sanguine, and some of them actually believe that instead of it being dead the strike is only beginning.

This latter belief is based on the refusal of the railroad managers to treat with Debs in any shape or manner. This, they say, will bring hosts of friends to the A. R. U.

They also think the threat of Debs and Sovereign to fight to the last ditch was intended for all it was worth.

The action of President Gompers and the other officers of the American Federation of Labor in refusing to join in the strike, it is claimed by anti-Federation men, will not seriously affect the result.

General Secretary Reichers, of the National Garment-Workers of America, one of the biggest of the organizations attached to the Federation of Labor, said: "Many people seem to think that Mr. Gompers had the power to order out a general strike of all the Federation organizations, and he is criticized for getting behind Debs. As a matter of fact, he had no power to do anything of the kind."

"If the public thinks that on his yes or no every organization would go out it is making a big mistake. It is a preposterous error for my organization to do that. I would not pay any attention to it."

"We look upon Mr. Gompers as a careful, conservative man, and we sent him to look over the ground for us. Of course, his views will have their proper weight. I believe his decision not to order a general strike based on Debs' threat is a very wise one."

Debs having done so, that left nothing to arbitrate, and Gompers was right in his action.

"Now, however, that Debs says he never declared the strike off, but that it is on and in full force, there is a new element added to the situation. Together and making a bitter fight of it, I do not see why the Federation's last statement must be considered as final, in view of the events which have since happened."

"The action of the Railway Managers' Association in refusing to accept of any arbitration puts them on the same plane with Pullman. They have all organized to crush labor, and they are all equally determined to do so."

It does not seem to follow that because we have had a general strike, the A. R. U., Central Federation and other bodies that we should go on carrying each other now. I am in favor of all going together for the common cause and settling our own fights afterwards."

He believed the Central Federation Workmen Sovereign made a great mistake in his first manifesto. Instead of calling on the labor men to return to work, he should have invited all organizations to a conference and offered to share the honor of the strike with them.

"As a matter of fact, the strike does not appear to have been organized by any means. I take it that he will now be compelled to accept of any conditions where, and if so, of course New York will get its share of the excitement."

The Central Federation stands in the same position it did at first. We are willing to help, organized labor everywhere, and Debs or Sovereign calls upon us to do so, we will doubtless do so."

"I shall hold on to the same belief, however, that if one half the energy which is being put into the strike is put into preparing for the battle, much better results would have been obtained."

Secretary Murphy, of D. A. 49, had received no word from General Master. He said that he had not heard from the Central Federation since the strike began.

"We are still waiting," he said, "and the moment I hear from Chicago officials I will call the executive officers together."

Some of the officials of the American Federation of Labor are on hand this morning. The strike has not yet ended in Chicago. Gompers is not expected back for several days.

## GLAD THE STRIKE IS OVER.

### But Gov. Flower Prefers to Talk About the Fish He Caught.

Gov. Roswell P. Flower and Mrs. Flower stopped at the Windsor Hotel for a few hours to-day, enroute from Fire Island to Albany.

Mr. Flower, when seen by a reporter this morning, begged to be excused from talking of the strike situation or Mr. Debs' position as shown in that gentleman's statement.

"I have not read the papers since the strike in Chicago has been declared off, so can't talk understandingly about the situation. I am glad, however, for the sake of the workingmen of New York, that the trouble has come to an end."

Mr. Flower talked enthusiastically about the time he spent on Fire Island, saying that he had caught a box of blue fish, and says he will be sending them to the Governor. He would go to Albany on the 10 o'clock train from the Grand Central Station.
